**RE: WATER PRESSURE**

Water One advised us that they had a water main break in their facility at 48<sup>th</sup> and Quivira which affects Corporate Woods®. At this time, the buildings are experiencing low to no water pressure, which will continue until at least 10:00am today. This will affect the restrooms and HVAC system in the building.

We apologize for any inconvenience this may cause. Please feel free to contact your property manager at 913.451.4466 should you have any questions.
